English & Maths Programmes

English and maths are essential skills that are required in most job roles. Our team has a proud history of working with students returning to education to improve their skills and gain qualifications. Each year we work with more than 100 students in our evening classes as they look to gain qualifications that will enable them to access further and higher education, training and jobs, or to revisit incomplete education from school. **These programmes of study are FREE for everyone!**

Our English and maths evening classes offer the opportunity to achieve either GCSE or Functional Skills Level 1 or 2 qualifications in an adult learning environment with experienced lecturers. We now also offer part-time entry-level English and maths courses.

We recognise that, for many, taking that first step through the door is the most challenging, and that historic relationships with English and maths may not have been positive but our student-centred and supportive sessions bring a fresh approach to learning - enabling students to develop skills and gain accreditation.

If you are unsure about your current level of ability, please contact us and we can arrange an assessment and help plan a learning programme to suit your needs. We also have an experienced and skilled support team who can assess your learning needs, put appropriate support in place and make necessary adjustments so that you can access your course. If you are looking to develop your English and maths skills to gain promotion, access further or higher education qualifications, start a new career or support friends or family through their own education, then our English and maths courses are here to help you!

Foreword

Welcome to the 2024/2025 TGI College course prospectus. We hope you can find what you are looking for and that we can help you on your study journey very soon.

Louise Misselke

Principal, TGI College
Executive Director, The Guernsey Institute

Our ethos at TGI College is to put our students at the heart of all we do and this commitment underpins the focus of every one of our team. This approach has been validated by the overwhelmingly positive feedback we recently received from the Ofsted inspection report which rated the college as 'good' in all eight of its assessment categories. This achievement reflects the unwavering commitment of our staff to our students whatever their age and I am very proud of them for the work they do every day in support of our students.

TGI College is privileged to assist so many students on their career and self-development journey, creating a supportive and collaborative environment for you to study - whether that's on a full-time technical or vocational programme, a part-time professional qualification or a short leisure course. Our team of amazing tutors share the common goal of delivering the highest quality teaching to help you achieve your aspirations.

So if you are looking to take that first step on your learning journey, or seeking to move up the career ladder with a higher education qualification, or you simply want to try your hand at a new skill, please take a look through this publication to find the right opportunity.

We look forward to welcoming you to TGI College very soon!

Jacki Hughes

Executive Principal, The Guernsey Institute

It is with great pleasure that I welcome you to explore the vibrant and enriching educational journey that awaits you at TGI College. As a beacon of technical and vocational excellence, we take pride in fostering an environment where knowledge meets innovation, and dreams find their wings.

At TGI College, we believe in shaping not just careers, but futures. Our focus on providing a holistic education is reflected in our commitment to high quality teaching and learning and a diverse community that thrives on curiosity. As you leaf through these pages, you'll discover the myriad opportunities that await you.

I invite you to embark on a journey of discovery, where each page of this prospectus unfolds a new facet of TGI College. Whether you aspire to be a trailblazing artist, a visionary web developer, a compassionate health care worker or an advocate for change, TGI College is the launchpad for your dreams.

We look forward to welcoming you to our community of learners, thinkers, and achievers.

Full-time Courses

Access

This course aims to develop students' self-esteem and confidence, improve their social, life and independent living skills and maximise their potential through an individual programme relevant to specific needs.

Beauty

Our beauty courses aim to give students the knowledge and skills to embark on a fulfilling and varied career in the beauty and holistic therapies sectors.

Business

This course is designed to provide students with an excellent range of employability skills to enable them to be work-ready either after college or university.

Childcare & Early Years

Ideal for those who would like to work in any area of health, social care or early years. Level 3 develops the knowledge/experience to work with children from birth to five years, with knowledge of five to seven years.

Creative & Digital Arts

These courses are designed to give students a wide and varied exposure to the many different types of creative media focusing on the essential skills required for all creative industries.

Engineering

These courses will develop students' practical skills and knowledge and are the ideal first step towards a successful and rewarding career in this exciting and varied sector.

Health & Social Care

Level 2 is ideal for those seeking to work in any area of health, social care or early years. Level 3 is a stepping stone to higher education at university/college or to taking up employment in the sector.

IT & Computing

These courses will provide students with up-to-date technical content and the necessary knowledge, understanding, skills and attributes required to be successful in this sector.

Performing Arts

Ideal for those with a burning ambition to be a performer/work within the performing arts sector. Most of our Level 3 students progress to UK universities, drama or dance schools.

Progress to...

Our Progress to... course is a work-related qualification designed to give students the knowledge, understanding and skills to prepare them for employment or further study.

Public Services

This course is designed to prepare students for a career in one of the many uniformed services - armed forces, the police or prison service.

Sport

Our courses allow students to develop wide-ranging knowledge, understanding and skills required to progress to further study or into sports-based employment.

Apprenticeships

Adult Care

This course is available to employees currently working in care roles within the adult care industry.

Beauty

This course is available to employees currently working in the beauty industry, who have achieved their Level 2 Beauty qualification.

Culinary Skills

This course is available to employees currently working in the hospitality and catering industry.

Construction & The Built Environment

This course is available to employees currently working in the construction and the built environment sector.

Early Years

This course is available to employees currently working in a supervised role within the early years and childcare industry.

Electrotechnical Technology (Electrician)

This course is available to employees currently working in the electrical contracting or supply industry or those whose work involves electrical installation, maintenance, repair or modification of existing installations.

Engineering – Welding

These courses are available to employees currently working as engineer operatives, technicians, fabricators and welders within the engineering industry.

Food & Beverage Service Skills

This course is available to employees currently working in the hospitality and catering industry.

Hairdressing

This course is available to employees currently working in the hairdressing industry.

Horticulture

This course is available to employees currently working in horticulture, landscaping, production horticulture, sports turf or park and gardens.

Motor Vehicle

This course is available to employees currently working as technicians in garages and dealerships within the motor industry.

Office Administration

This is a Nordic-style 'Career Launch' apprenticeship where students will attend college on a full-time basis from September to February. They will then take on employment and attend college on a day release basis for a further 10 months to complete the qualification.

Plumbing Studies

This course is available to employees currently working as plumbers in the construction industry and associated trades.

Professional Cookery

This course is ideal for anyone seeking to become a professional chef.

Retail Skills

This course is aimed at those wishing to pursue a career within the retail sector.

Retail – Trainee Management

This course is aimed at those wishing to pursue a career within retail management.

Site Carpentry & Bench Joinery

This course is available to employees currently working in carpentry and joinery roles within the building and construction industry and associated trades.

Trowel Trades

This course is available to employees currently working as blocklayers, plasterers and stone masons within the building and construction industry and associated trades.

Adult & Community Learning

These courses provide you with the chance to learn something completely new as well as the opportunity for social interaction.
